Main benefits

- We care about the environment. Save and spend less while you take care of your clothes with the ideal wash, you take care of the planet using less water and energy.
- Take care of your clothes while taking care of the planet saving up to 76% of water per wash.*
- Modernity for your home with the new design with metallic finishes.
- The sanitize cycle uses elevated water temperature and a longer wash cycle to kill bacteria, it also uses a pump purge and extended rinse that removes 99.9% of bacteria.

*Savings compared to our automatic washing machines.
